WELCOME TO JULY'S PURPLE PAGES

The Purple Pages is a monthly analysis of the recruitment industry's performance in the USA. This month the data has been taken from May's insights. We analyze growth and retention rates for over a 1,000 companies using LinkedIn Insights and Glassdoor reviews.

In this edition, our focus remains steadfastly on the core elements that shape the recruitment industry. We have analyzed industry growth and declines over the past two years for each company, as well as sector trends to identify and recognize the top performers in the last month.

At ion search, we pride ourselves on delivering excellence to our clients. We achieve this by scrutinising every inch of the market to make sure that we deliver top-tier candidates to high-calibre companies, striving for the best fit for all parties involved in our process. Alongside Whitehouse Search Partners, The Purple Pages is a testament to our commitment to delivering an exceptional service to our clients.

We know our clients and candidates insist on the highest level of service, so we give it to them. With our work we are recognised as the most trusted partner in Recruitment due to our uncompromising focus and attention to detail. We guarantee absolute satisfaction to both our trusted candidates and clients alike.

There are four main factors when moving roles: The People, The Company, The Job and The Timing. We ensure that all 4 boxes are ticked.
